# ADHEAR

## What is it?

ADHEAR is a revolutionary bone conduction system which fills an unmet need in the field of non-surgical bone conduction hearing solutions.
With its unique concept, ADHEAR provides a viable solution for people suffering from conductive hearing loss or single-sided deafness, offering them a life full of sound. Some candidates with these types of hearing loss are unable to receive a bone conduction implant. Until now, these candidates could only receive a system which transmitted sound by applying high amounts of pressure on to the skin. ADHEAR, however, allows for effective sound transmission with no need for high skin pressure, offering a comfortable wearing option which is aesthetically pleasing too.
The ADHEAR System consists of an adhesive adapter, which is fixed onto the hairless area behind the ear, and an audio processor, which is simply clicked onto the adhesive adapter. The audio processor picks up sound waves, converts them into vibrations and transfers them on to the skull via the adhesive adapter. The bone conducts the vibrations to the inner ear where they are perceived as sound.

# ADHEAR Professional Kit

The ADHEAR Professional Kit contains the following items:

## 1 ADHEAR Audio Processor (test device)

The test device is a fully functioning ADHEAR Audio Processor. It is marked with 'test' and will only be provided in Simply Black.

## 1 bag of ADHEAR Adhesive Adapters (15 pcs)

Available in beige and brown

## 1 ADHEAR accessories box

**1 positioning tool**
Used to aid initial placements of the adhesive adapter onto the mastoid.

**1 retention clip**
Used to attach the audio processor to the collar.

**1 cleaning brush**

**3 colour sleeves (colours: Flamingo Pink, Ocean Blue, Jet Black)**
Serve as a protective layer for the audio processor, as well as a deterrent to young children in accessing the battery compartment.

**1 pack of batteries, size p13 (6 pcs)**

## 3 ADHEAR Shade Selection Cards (+ keyring)

Used to show the different audio processor colours.

## 1 sheet of design stickers (12 pairs of designs)

For individualised design of the ADHEAR Audio Processor program change button

## 1 ADHEAR Headband (black)

Alternative wearing option for the audio processor

Different configurations differing in the colour of the ADHEAR Adhesive Adapter can be ordered:

ADHEAR Professional Kit (brown adhesive adapter) 34736

ADHEAR Professional Kit (beige adhesive adapter) 34737

# ADHEAR User Kit

The ADHEAR User Kit contains the following items:

## 1 ADHEAR Audio Processor (model 701)

Available in Dove Silver, Terra Brown and Simply Black

## 1 bag of ADHEAR Adhesive Adapters (15 pcs)

Available in beige and brown

## 1 ADHEAR Headband (black)

Alternative wearing option for the audio processor

## 1 daily case

For storage and transportation of the audio processor by the user

## 1 ADHEAR accessories box

**1 positioning tool**
Used to aid initial placements of the adhesive adapter onto the mastoid.

**1 retention clip**
Used to attach the audio processor to the collar.

**1 cleaning brush**

**3 colour sleeves (colours: Flamingo Pink, Ocean Blue, Jet Black)**
Serve as a protective layer for the audio processor, as well as a deterrent to young children in accessing the battery compartment.

**1 pack of batteries, size p13 (6 pcs)**

## 1 sheet of design stickers (12 pairs of designs)

For individualised design of the ADHEAR Audio Processor program change button
